

Our Commitment to Quality

Since July, 2022

5,108 Submitted Patient Surveys

Average Rating of 4.7/5

Net Promoter Score: 75.5

“At Plumas District Hospital, our purpose is to provide quality, compassionate healthcare that transforms lives and improves outcomes for every individual in our community. Together, we work to ensure that everyone receives the highest standard of care they deserve.”

- JoDee Read, MBA, CEO.

Our Comprehensive Patient-Centered Approach

Recover near family and friends.
Recover close to home.

When you join our Swing Bed program, you'll have a whole team of caring experts looking out for you. Our team, led by a doctor and nurse, works closely together to help you get better. We have skilled nurses, therapists, nursing assistants, dietitians, breathing experts, and someone to help plan your discharge.

We make sure you get personal attention and a care plan that fits you perfectly. Our team of healthcare experts works together to blend medical know-how, therapy, and friendly support. Together, we'll help you reach your recovery goals, so you can go back home feeling confident and independent.

What can I expect in swing bed care?

NURSING

Experience recovery with personalized care, pain management, and education delivered at an exceptional patient-to-nurse ratio. Our commitment to individual attention ensures a supportive environment for optimal healing.

PHYSICAL THERAPY

Unlock a path to recovery through injury rehabilitation. Our dedicated physical therapy team empowers patients to build strength, prevent falls, and regain the movement, balance, and flexibility needed for everyday activities such as walking and exercising.

OCCUPATIONAL THERAPY

Discover renewed independence with our focus on daily living skills, including dressing and bathing. Our occupational therapy services are tailored to enhance the quality of life for each patient, promoting confidence in routine activities.

RESPIRATORY THERAPY

Breathe easier with specialized respiratory care and comprehensive education on oxygen use. Our respiratory therapy team ensures that patients receive the attention and guidance needed for optimal respiratory health.

NUTRITION SERVICES

Nourish your well-being with our nutrition services, offering personalized education and support. Our team collaborates with patients to develop a customized nutritional plan, promoting overall health and vitality.

PHARMACY

Experience seamless medication management as our pharmacy collaborates closely with the medical team. We prioritize the medication needs of each patient, ensuring a cohesive approach to recovery and well-being.

IV TREATMENTS

WOUND CARE

Swing Bed supports patients recovering from an acute illness or surgery who no longer require acute hospital care but are not yet ready to go home.
