

To all medical plan participants (both PPO and HDHP plan participants):

Please read the following important information regarding your health benefits.

During these unprecedented times, we are making a change for the month of April 2020 that will make it easier for you and your covered dependents to access health care and refill prescriptions.

Effective for one month only: April 1, 2020 through April 30, 2020:**Coverage of Telehealth**

For all Marmon medical plan participants, you may access virtual care through two different methods, both of which will be covered by the plan at 100% for the month of April:

1. MDLive – visit www.MDLIVE.com/BCBSIL or call **888-676-4204**
2. Telehealth – which means you or a covered dependent can have a virtual visit with any of your personal health care providers that offer virtual appointments (either via phone or computer)

MDLive is, as a matter of course, available to PPO participants with no copay, deductible or coinsurance. It is however, for HDHP participants, subject to deductible under normal circumstances. For the month of April only, HDHP participants will have MDLive covered at 100% by the plan. Also, Telehealth visits for both PPO and HDHP participants will be covered at 100% for dates of service from April 1 through April 30, 2020.

In addition:**Coverage of Prescription Drugs**

BCBS has temporarily lifted restrictions to allow plan participants to refill their prescriptions early on most medications. You may contact your pharmacy directly to ask for an early fill for the same quantity as the last prescription you filled.

You may also choose to receive a 90-day supply through the [mail order program](#) and at select retail pharmacies. [Register here](#), then click on Manage Prescription, Request New Prescription to enter your provider and prescription information or call **877-357-7463**.

Please contact your local HR representative if you have questions regarding this information or any of your plan benefits.

Please stay safe!

With our best wishes,
Marmon Corporate Benefits Team
