

TPS Easifold® 330 Gallon IBC

The TPS Easifold® 330 is easy to assemble and fold, has reinforced, smooth hygienic side panels, and a press down lid with locks that engage automatically.

The Drop door makes liners easy to install. The long side panels have an anti-collapsing device that holds the wall securely in place.

The TPS Easifold® 330 has a large sump space for easy valve handle application. The sump cover will attach, through a magnetic device, to the wall panel when open and will return to its original closed position automatically when the panels are folded. A TE clip with security number can be attached when the sump is locked for the tamper evidence (TE) function.

For specifications see overleaf.

TPS Easifold[®] 330 Gallon IBC

Specifications

Pallet sides and lid: Polypropylene

Technical Specification

External dimensions with lid (LxWxH):	48.0" x 44.0" x 47.8"
Internal dimensions (LxWxH):	46.8" x 41.8" x 40.9"
Folded height with lid:	13.4"
Lid stacking height:	0.8"
Volume:	330 Gallons
Load capacity:	3307 lbs
Dynamic load:	6614 lbs (1 on 1)
Static load:	16535 lbs (4 on 1)
Folding ratio:	4:1
48' truck:	174 pcs
53' truck:	184 pcs
20' GP:	56 pcs
40' GP:	126 pcs
40' HQ:	144 pcs
Working temperature:	-20°C ~ +50°C (122°F)
Filling liquid temperature:	≤ 80°C (140°F)

After filling, not allowed to be transported until the liquid center part is <50°C (122°F).

Disclaimer: Capacity depends on application and usage environment. Specifications subject to change without notice. All dimensions are approximate.
