

TPS Unifold® 500 IBC

The **TPS Unifold® 500 IBC** is designed especially for the handling, storage and transport of liquid products.

The advanced features of the Unifold® 500 have been developed by TPS to overcome the shortcomings of rival bag-in-box systems.

Easy to clean and assemble, with no loose parts, the Unifold® 500 IBC complies with the exacting standards to the food, beverage and cosmetic industries. The TPS Unifold® 500 IBC is the perfect choice for the small batch distribution.

For specifications please see the product information data sheet.
