

## PRODUCT CATALOG

*A Day in the Life*

# Table of Contents

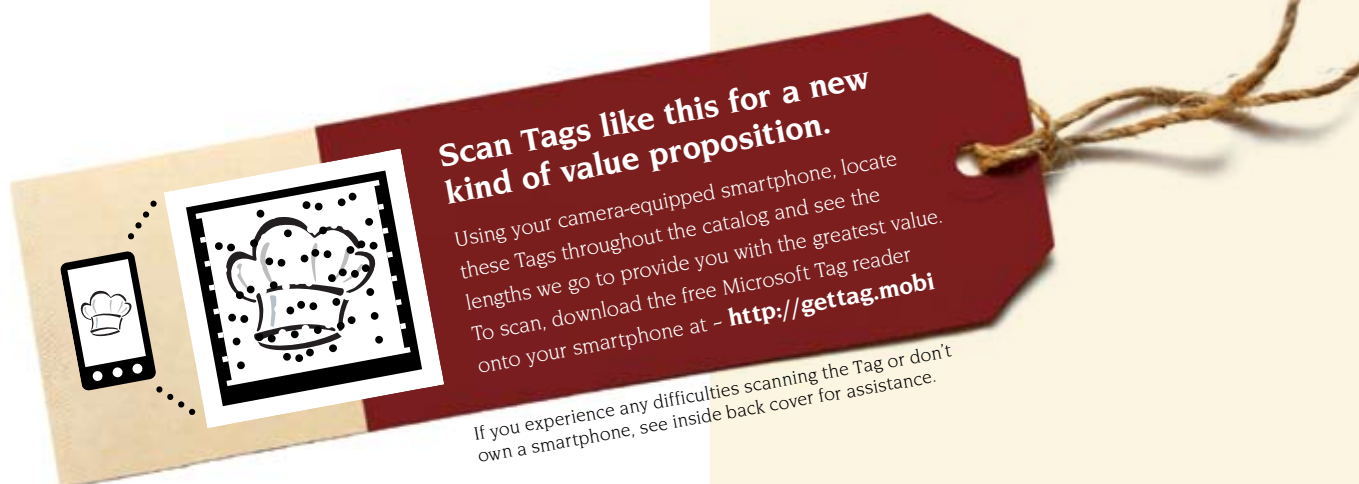

Since 1947, Alegacy has been providing the ultimate in quality professional cookware at extremely competitive pricing. And we've done so while maintaining our core principle, "customer satisfaction is the most important thing we offer."

Whether on our Eagleware® cookware line, proudly made in the U.S.A. at our manufacturing facility, or the extensive array of top-end products we find around the world - everything we offer, across all performance tiers, is constructed to the Alegacy standard of quality and value.

Less evident on the pages of this catalog, but equally important, is how we listen and respond to our customers. From developing products to serve specific needs in busy commercial kitchens to enhancing our offerings based on your input, our goal is to support you in every possible way.

This catalog is a starting point to a long-lasting relationship. We invite you to see how we can solve your kitchen needs. And feel free to reach out to us with any questions or feedback. Remember, this is meant to serve you, just like we have been serving chefs for over six decades.

# *A Day in the Life of a Chef*

*O*livier Rousselle, Executive Chef of On Sunset Restaurant at the Luxe Hotel in Bel Air, California, begins his day before most have awakened. He has much to prepare. Chef Rousselle's full-service kitchen cooks around the clock, servicing the breakfast, lunch and dinner crowds, while catering to this international hotel's needs for 24 hour in-room dining and various special events.

Maintaining output of this volume demands every bit of Chef Rousselle's meticulous preparation, creativity and cookware and kitchen utensils he can depend on, which is why he chooses Alegacy.

Alegacy's wide selection of versatile products also affords Chef Rousselle the flexibility to cook for distinctive audiences while preserving his unique vision. It's an amalgam of seasonal California fresh fare with a classic French twist, which he's honed since the age of 16 across three continents in service of British royalty and Los Angelinos alike.

What follows is an in-depth look at some of Chef Rousselle's fabulous creations, and how with the support of Alegacy products throughout his culinary operations he continues to place the Luxe's On Sunset Restaurant at the forefront of Los Angeles cuisine.

Bon appétit.

# Professional Cookware

## Eagleware® - Made in the U.S.A.

Stock Pots & Sauce Pots  6 - 7

Fry Pans & Sauce Pans  8 - 11

Braziers  12

Double Boilers 13

Bun Pans 16

Pizza Pans 17

## Imported Cookware

Optima® Aluminum  
Cookware 18 - 21

Optima® Stainless Steel  
Cookware 22 - 24

Wire/Perf. Baskets 25 - 26

Steel Fry Pans 27

Steel Fry Bottoms & Basket 28

Roast Pans 29

With dozens of requests for made-to-order omelets each hour at the Luxe's Sunday brunch, Eagleware's Teflon® Platinum Pro dent-resistant fry pans are just the tool for the job.

# Stock Pots & Sauce Pots

Unequaled versatility and durability makes Eagleware® the top choice in commercial kitchens worldwide. The thermally efficient 3004 alloy evenly distributes heat from the source to the rim. The high quality of this prime aluminum alloy, compared to softer 3003 or 1100 alloy material, means greater dent-resistance and durability. And that spells overall savings for you in the long run. The securely riveted handles are nickel/chrome-plated steel, and will be replaced less often than softer aluminum welded/riveted handles. Finally, the uniform satin finish pot with straight sidewalls not only optimizes heat distribution but also eliminates the transfer of food flavors and makes for easy cleanup.

## STOCK POTS

Eagleware offers a wide range of stock pots for nearly every cooking application. The 3004 aluminum alloy provides extra dent-resistance to enhance durability and promote maximum thermal efficiency. Thermal conductivity is further boosted by the pots' lustrous satin finish interiors and exteriors. All Eagleware stock pots have extra heavy-duty plated handles and beadless rims which do not trap food particles, making for easy cleanup. All pots are available with .080" (2 mm) thick aluminum covers with formed handles.

### SAUCE POTS

Thermal conductivity is paramount when simmering sauces for long periods of time. Eagleware sauce pots' satin finish interior and exterior and 3004 aluminum alloy ensure even and thorough heat transfer for exactly this purpose. Extra heavy-duty plated handles and beadless rims make using Eagleware sauce pots safe and easy. All pots are available with .080" (2 mm) thick aluminum covers with formed handles.

# Professional Aluminum Fry Pans

Eagleware® fry pans come in a variety of finishes and are equipped with high quality non-stick surfaces and EagleGrip™ silicone grips. Their special alloy rivets secure the handle and are designed to resist tough commercial kitchen use, while their superior 3004 dent-resistant aluminum makes them a step above pans made of softer alloys. Available in four finishes: Natural, Teflon® Xtra, Teflon® Select, and Teflon® Platinum Pro.

## TEFLON® XTRA FRY PANS

The pewter-colored Teflon Xtra finish provides the most economical method of non-stick cooking by combining good release characteristics and easy cleanup. Made of 3004 aluminum alloy for dent-resistance and efficient heat transfer, they come with a full satin finished exterior. The stamped steel handle is held securely with three special alloy rivets and has an eye for hanging. All pans come with the EagleGrip insulating grip to provide comfortable and efficient long-lasting performance.

\* Teflon® Xtra, Teflon® Select, and Teflon® Platinum Pro are Du Pont's registered trademarks for their non-stick surfaces.

### TEFLON® SELECT FRY PANS

Large-volume cooking is made easier with our Teflon Select fry pans. The increased release characteristics, dent-resistant 3004 aluminum alloy, and satin finished exterior mean maximum quality and minimal maintenance. The stamped steel handle is held securely with three special alloy rivets and has an eye for hanging. All pans come with the EagleGrip insulating grip to provide comfortable and efficient long-lasting performance.

### TEFLON® PLATINUM PRO FRY PANS

Fast-paced kitchens rely on our Teflon Platinum Pro to deliver results. These high-end, ceramic reinforced non-stick pans provide even temperatures for consistent performance. The stamped steel handle is solidly fastened with three special alloy rivets to hold up against the toughest cooking environment. All pans feature the EagleGrip insulating grip to provide comfortable and efficient long-lasting performance.

### NATURAL ALUMINUM FRY PANS

For durability and value, look to these heavy gauge aluminum fry pans. They are made of dent-resistant 3004 aluminum for efficient heat transfer, and have a full satin finished interior and exterior. The stamped steel handle is held securely with three special alloy rivets and has an eye for hanging. All pans come with the EagleGrip insulating grip to provide comfortable and efficient long-lasting performance.

### EAGLEGRIP™ INSULATING GRIPS

The state-of-the-art EagleGrip insulating grip puts cooking comfort, safety, and efficiency in the palm of your hand. The ergonomic design (with thumb stop and under edge ribbing) prevents slippage and promotes safety. Their silicone rubber composition minimizes heat transfer and can withstand temperatures up to approximately 500°F (260°C). When exposed to direct flame they char to white and can be easily wiped away. They are simple to install on existing pans, and are removable for easy soap and water cleanup. EagleGrip insulating grips are sold separately for easy replacement or to complement existing cookware.

### PROFESSIONAL ALUMINUM SAUCE PANS

Our well-balanced, natural finish aluminum sauce pans are tailored to meet the needs of every chef. Their combination of tapered sides, rounded corners, flat bottoms, and a highly polished finish foster practicality and ease of use. The large, stamped steel handles are securely attached with three heavy aluminum rivets, plus an eye for hanging and include an EagleGrip insulating grip. They are constructed of .080" (2 mm) and .100" (2.5 mm) hard sheet aluminum and available in eight nesting sizes.

# Professional Aluminum Braziers

Suited for every chef's needs, our variety of best-selling standard braziers or heavy weights will get the job done. All are made from heavy gauge aluminum with smooth, straight side walls, rounded corners, flat bottoms, and a highly polished finish. The low side wall and wide body design provide excellent heat distribution and retention, perfect for long simmering. The handles are four-riveted, extra heavy-duty plated steel that easily carry the load of heavier foods.

## STANDARD WEIGHT ALUMINUM BRAZIER

The Eagleware® standard weight braziers are perfect for browning meats, simmering or extended cooking times. Available in five nesting sizes with lids.

# Bun & Biscuit Pans

All bun pans are not created equal. Ours are at the top of the list, featuring strong wire-reinforced rims and a high quality surface finish aluminum alloy with fully rounded corners for easy release and cleaning. Ideal for baking or display and fits standard bakers' racks. Choose from a wide variety of thicknesses to fit your needs. Also now available in perforated quarter, half and full size pans for special baking applications.

Wire Reinforced Rims

Perforated

## BUN & BISCUIT PANS

Aluminum bun and biscuit pans are available in standard sizes (full, half and quarter). The 20 gauge is .032" (.8 mm) thick aluminum, the 19 gauge is .036" (.9 mm) thickness, the 18 gauge is .040" (1 mm) thickness, and the 16 gauge is .051" (1.3 mm) thickness. Also now available in quarter, half and full size perforated (1/8" diameter, 3.2 mm) pans for air circulation during baking.

**EAGLEWARE® PROFESSIONAL  
ALUMINUM PIZZA TRAYS**

Five varieties with the Eagleware trademark of quality, durability, and versatility. The thickness keeps them sturdy for extensive use and good looks, making them perfect for dining presentation. The “A” and “HA” series are standard sloped rim trays, “FHA” is our flat rim tray, and “HSA” and the “SA” series are continental “coupe” rim trays. They are made of .032” (.8 mm) and .040” (1 mm) (heavy-duty) thick aluminum alloy. The edges are rolled to eliminate the problem of hard-to-clean openings.

# Optima® Three Aluminum Cookware

Alegacy is proud to introduce the next evolution in its Optima line of cookware, Optima III. Made of 1100 and 3000 series alloy aluminum, the Optima III line is a great alternative to top of the line Eagleware®. Though slightly softer, Optima III still offers superior durability and dent-resistance compared to lesser alloys at a comparable price. Its three and four-riveted aluminum handles far outlast welded handle competitors. And, the solid aluminum construction produces efficient, evenly distributed heat across the entire cooking surface. A kitchen outfitted with Optima III will have food that cooks more consistently and economical cookware that performs at the highest level.

## OPTIMA III ALUMINUM STOCK POTS

4 mm 1100 alloy aluminum construction with straight sidewalls and satin finish for optimal heat distribution. Four-riveted aluminum handles increase durability and make ideal for a range of cooking and storage usages.

# Optima® and Optima® Two Stainless Steel Cookware

The Optima and Optima II set the standard for quality, economical stainless steel cookware. The Optima line's .8 mm to 1.2 mm thick body is ideal for alternative uses, such as storing prepared foods or cooking highly acidic items that otherwise compromise a lesser grade aluminum. The up to 5 mm aluminum bottom makes for improved heat distribution. Several items are also available with a sandwiched bottom of aluminum and .8 mm 18/0 stainless steel, making them induction ready. For exceptional durability, the 18/8 stainless steel boasts superb corrosion resistance and is built to last in a bustling commercial kitchen. For the economical kitchen operator, Optima II's 21CT material offers a standard level of corrosion resistance at an outstanding price.

## STAINLESS STEEL STOCK POTS WITH COVERS

### PASTA COOKER

This four section pasta cooker is an incredible time and energy saver. It can hold multiple batches of pasta in the same pot of boiling water, which means no more changing water between dishes. The perforated stainless steel baskets transfer heat well and allow even water flow and easy draining. Insets can be hooked on the side wall of the Eagleware pot for draining and they have the EagleGrip™ insulating grip for comfortable and safe lifting.

### HEAVYWEIGHT ALUMINUM ROAST PANS

The open bake-roast pan is perfect for poultry and roasts as well as cakes and desserts. Extra thick aluminum allows for even heat distribution and the 3" (7.6 cm) side wall retains food juices. Square loop handles make pans easy to transport. Open bead for easy cleaning.

### HEAVY-DUTY ALUMINUM ROAST PANS

This seamless drawn pan and cover are made from tough 3/16" (.5 cm) thick aluminum suited for heavy use. Handles appear on all four sides to ensure easy handling from any angle. Use the cover on the grill as a low pan. The leak-proof and rounded-corner construction make cleaning easy. The 6 3/4" pan has a capacity of up to 172 8-ounce servings. Available in three depths: 3", 4 1/2", and 6 3/4" (7.6 cm, 11.4 cm, and 17.1 cm).

*A* legacy's lap sized baskets and flexible squeeze dispensers were the perfect compliment to a carefree day spent poolside at the Luxe, sandwich in hand.

# Squeeze Dispensers

Burgers anyone? These high quality, soft and molded, polyethylene squeeze dispensers are available in a variety of colors, sizes, and packs. Plus, the flexible, softer material allows for dispensing maximum amount out of the bottles, creating food savings for you. Firmly attached no-drip spout caps won't pop off, avoiding messy table and counter messes.

## LARGE SQUEEZE BOTTLES

These larger polyethylene dispensers are flexible and durable, with a no-drip tip design. The larger size allows heavier use with less refilling. Quality crafted in the U.S.A. at Alegacy's manufacturing facility.

### WIDE MOUTH SQUEEZE BOTTLES

Made of the same high quality polyethylene as our other squeeze dispensers, the wide mouth bottles also feature a 2 1/4" opening, large enough for most any spoon. Not only can you squeeze these bottles to the last drop, now you can scrape out any remaining residue too. And they're quality crafted in the U.S.A. at Alegacy's manufacturing facility.

# Fast Food Baskets

Alegacy's food baskets are the perfect answer to paper waste in the fast food industry. They also reduce dish use and dishwashing time, substantially cutting costs. Food baskets are available in stiff or flexible construction and are the ideal size for hamburgers and french fries as well as appetizers. They are stackable, microwaveable, and dishwasher safe.

496 Series

# Top-Shelf™ Chafers

Our updated collection of Top-Shelf chafers is perfect for customizing your buffet. Our widened variety of pans makes more combinations possible, so your serving options increase. This, of course, makes for happy servers as well as customers. Now you can easily expand your menu selections or even serve small groups. Our durable and solidly constructed chafers are as functional and sturdy as they are elegant, built for heavy-duty use in any busy foodservice environment.

## The original Six in One® Chafer

Catering is more practical with Alegacy's Six in One. This lightweight portable chafer is versatile, elegant, and ideal for everything from dinner parties to banquets. A combination of optional anti-jamming steam pans allows your customers to customize for any occasion. So whether they are used to serve appetizers or side dishes, the Six in One is the smartest way to go.

# Steam Table Pans & Insets

Anti-Jamming Pans 94 - 96

Standard Pans 97

Covers & Accessories 98 - 100

Insets & Bain Maries 101

*C*hef Rousselle keeps his focus on cooking, knowing that his freshly made dishes are kept at ready-to-serve temperatures in the stainless steel of Alegacy steam table pans.

# Rest-Rite™ Anti-Jamming Steam Table Pans

Alegacy's Rest-Rite steam table pans come in four advertised thicknesses so you can choose the right quality pan at the right price. They are all crafted with the full perimeter anti-jam ridge to prevent pans from jamming during shipment or storage, and also feature reinforced corners for superior shape retention. The 22 and 24 gauge 18/8 stainless steel pans are built to last while the 23 and 25 economy gauge may be just what you need at a great value. All steam table pans are NSF listed.

## Anti-Jamming Steam Table Pans

Alegacy steam table pans feature anti-jamming, 22 and 24 standard gauge design, and re-engineered, stronger corners, allowing finger space between pans for quick removal. Also, the anti-jamming, reinforced corner design increases heating efficiency and lengthens safe holding times by an improved fit in the well. Now also available in 23 and 25 economy gauge design.

# Steam Table Pans

These 18/8 stainless steel steam table pans are tight-fitting, so steam can't escape, lengthening safe holding times. Their reinforced edges prevent the corners from bending, they fit better in the well, and can easily be moved from freezer to oven without re-panning. Available in 22 and 24 gauge stainless steel. A variety of accessories and covers are also available. Alegacy steam table pans are NSF listed.

*E*ven in the face of persistent whisking and rough kitchen usage, Alegacy's stainless steel mixing bowls continue to deliver on their promise of durability and quick cleanup.

# Strainers

Strainers get tossed around more than any other utensils in the kitchen. With this in mind, our quality Italian-made designs are built to withstand the abuse and survive for years, which means savings for you in the long run. Alegacy's strainers are made with metal wire mesh, reinforced wire rims, and double fire tin dipped for the highest level of corrosion protection. Flat handles and pan hooks make these strainers practical and easy to use, and a great value in every commercial kitchen.

## STRAINER - SINGLE MESH

The pan hook and flat-bottom handle balance the strainer over a pan for hands-free operation. They are full bath tinned after fabrication, plus clear lacquered handles. Available in fine or medium mesh.

Scales	158 - 161
KitchenAid®	162 - 164
Hand Tools	165 - 167

With the ColorCode system for the preparation of food in every group, Chef Rousselle knows that each plate he serves will be free from any cross-contamination.

# ColorCode System Cutting Boards

The tough task of safe food preparation is simple with the ColorCode System that takes the risk out of cross-contamination. The boards are color-coded by food group. They're non-absorbent and won't harbor food-borne bacteria. The non-skid surface won't dull knives, chip, crack, peel or warp. They're dishwasher safe and contamination can be further reduced with our matching knives. Custom cut boards are also available.

## POLYETHYLENE CUTTING BOARD

ColorCode cutting boards are the ultimate defense in the prevention of cross-contamination. Exceptionally durable and essential for safe food preparation. The high-density polyethylene is dishwasher safe. Made in the U.S.A. See next page for white boards.

Hardwood board with a groove to catch juice.

ITEM	IN	CM	PACK
350LB	7	17.8	12

### SMALL CHEESE BOARD

Made of hardwood with both sides smooth and slotted to hold slicer.

ITEM	IN	CM	PACK
5814S	11 1/2 x 5 1/2	29.2 x 13.9	12

# ColorCode System Knives

Each knife is designated to a specific food group providing the absolute best protection against cross-contamination. Use them with their matching ColorCode cutting boards, tongs and spatulas for a safe food prep environment.

## COOK'S KNIFE

ColorCode handles correspond to their specific food group to avoid cross-contamination: use blue for cooked foods, green for fruits and vegetables, red for meat, tan for fish and seafood, white for dairy products, and yellow for poultry. Blades are made from rigid molybdenum stainless steel.

PC219PRD	Red Spatula	7 3/8 x 2 7/8	18.7 x 7.3	14 3/4	37.5	12

## P.O.P. Packaging

ColorCode knives are available individually packaged for P.O.P display.

Clam shell increases safety in handling, but also available in bulk pack. Specify item number for bulk pack or clam shell when ordering.

## Brown ABS Handle Knives

Strong molybdenum stainless steel blades and well-balanced ABS handles are made to provide many years of heavy commercial service.

### COMBINATION STONE

Made from aluminum oxide, this is unlike any artificial stone in speed of cutting, long life, and smoothness of resulting edge on tool.

ITEM	IN	CM	PACK
5621	6 x 2 x 1	15.2 x 5.1 x 2.5	1
5821	8 x 2 x 1	20.3 x 5.1 x 2.5	1

### SHARPENING STONE

Finest quality silicon carbide stones for general sharpening of edges on hand tools and cutlery.

### SHARPENING STONE OIL

Free flowing with plenty of body to float the particles of steel removed from the edge in honing, thus preventing glazing.

ITEM	IN	CM	PACK
821CH	8 x 2 x 1	20.3 x 5.1 x 2.5	1

ITEM	CAN SIZE	PACK
XB1	4 1/2 fl oz (.13 L)	1
XB5	1 pint (.47 L)	1
XB2	1 quart (.95 L)	1

### ALEGACY KNIFE SHARPENER

This precision instrument is faster and surer than an oilstone. The guide adjusts knife blade to abrasive wheel at the proper angle while the synchronized action of blade and wheel eliminates wavy and jagged edges. Replacement stones and parts are available.

### MAGNA WONDER SLICER

The stainless steel serrated blade never needs sharpening, and the thickness guide regulates each slice from 1/16" to 1/2" (.2 to 1.3 cm) with just a turn of the knob. Easily disassembles, machine washable, slices, carves or shreds, and available in left or right handed models.

ITEM	DESCRIPTION	IN	CM	PACK

MWS91R	Right Hand	8 1/4	21	1

### SHARPENING STONE

This extra large stone has a coarse side for fast sharpening and a fine side for a finished edge.

### SHARPENING STONE WITH HANDLE

Silicon carbide abrasive, coarse and fine, vitrified. The coarse side brings a dull trimming knife to an edge quickly, while the fine side produces a perfect edge for cutting leather or rubber.

ITEM	DESCRIPTION	STONE DIMENSIONS

# Alegacy Thermometers

Each is designed for specific applications with an eye for accuracy and dependability. Standard features include: 304 stainless steel frames or parts, accuracy of plus or minus 1° to 2°F, dual scale, and Fahrenheit and Celsius dials. Many are NSF listed, as indicated by the presence of the NSF logo.

## P.O.P. Packaging

Clam shell packaging enhances presentation and sale of many thermometer products.

# Portion Control Scales

Accuracy, durability, and versatility carry equal weight with all Alegacy portion control scales. A consistent, dependable reading will ensure the most efficient preparation. Scales range from an 1/8 ounce sensitivity all the way up to a 200 pound capacity, to provide the solutions your food preparation requires.

## PORTION CONTROL SCALES

All models have a 6" (15.2 cm) dial face with a shatterproof lens, adjusting knob, and temperature compensated mechanisms. Choose a body finish of stainless steel or enamel. Base dimension is 7 1/4 x 5 1/4 x 7 1/2" (18.4 x 13.3 x 19 cm), platforms measure 5 3/4 x 5 3/4" (14.6 x 14.6 cm) or 5 3/4 x 7 7/8" (14.6 x 20 cm) for 25 lb (55.1 kg) models.

### GRILL CLEANER SCREEN

Strong, flexible mesh is covered on both sides with sharp, abrasive grains. Use them to quickly cut away even the most stubborn burned spots. They are easy to use: just pour a little grease on the warm grill, hold the screen down on the grill with the holder to protect your hand, and rub briskly, but lightly. Wipe with a clean cloth to see your grill sparkle once again.

ITEM	SHEETS PER ENVELOPE	IN	CM	ENVELOPES PER CASE
3100EP	8	4 1/2 x 5 1/2	11.4 x 14	50

### GRILL SCREEN HOLDER

Use this metal holder to protect your hands and provide even pressure on the grill. The clamp action holds the grill screen securely and permits easy changing.

Cheese Shakers	174 - 175

*O*n Saturday night at the Luxe, the only thing moving faster than the pizza orders are Alegacy's exacting cutters.

# Professional Aluminum Pizza Trays & Screens

Pizza trays get thrown around, dropped, abused, and scrubbed and still need to be strong enough to use again and again, in addition to maintaining a presentable appearance. Our high quality, dependable, thick, aluminum alloy pizza pans and screens come in a variety of sizes. Choose from our own Eagleware® pizza pans, made in the U.S.A., or our quality imported pizza screens. They're both a great choice for any level of operation.

## Eagleware Professional Aluminum Pizza Trays

"A" and "HA" series are standard rim trays. "SA" and "HSA" series are continental "coupe" rim trays. "FHA" are heavy-duty flat rim trays. All pans are made of .032" (.8 mm) and .040" (1 mm) (heavyweight) thick 3004 aluminum alloy. The edges are rolled for no hard-to-clean openings.

# Insulated Pitchers

Swirl pattern coffee servers keep beverages hot or cold for hours. Each pitcher can be customized for easy identification with orange tabs for decaf, brown for regular, and green for tea. The polycarbonate liner is durable and stain resistant, and the porcelain-look exterior is made of impact-resistant plastic for durability. Now available with a built-in thermometer for temperature control.

## INSULATED PITCHERS - TWIST CAP

Porcelain looking pitchers are available in white or black. Tea/Decaf/Regular tab indicators are included.

# Quality Craftsmanship

Quality may be the most over-used word in business communications. In our business, quality means three things: reliability, durability and innovation. At Alegacy, we count ourselves at the top of all three of these categories. That's why we manufacture many of our own small wares, so quality control is more easily achieved.

Our engineers, metallurgist, and craftspeople are constantly looking for ways to refine our designs and perfect the manufacturing process. In fact, research and development are big business at Alegacy.

When it comes to our worldwide suppliers, quality comes first. Before Alegacy selects a product, it has to pass rigorous tests.

Innovation and invention are utmost at Alegacy. We helped pioneer the ColorCode System of products to fight cross-contamination. We designed a better insulating grip for fry pan handles. Recently, we created the All-Purpose Prep Tray for improving kitchen efficiencies. And we're always listening to our customers for more ideas.

## EASY GUIDE FOR USING THE ALEGACY CATALOG

All of our products are grouped into one of eleven chapters. In some cases certain products may appear in more than one chapter based on multiple use or foodservice application. Each of our products is shown with relevant specifications. All product dimensions are approximate and may vary. Also, product availability may change without notice. The "Pack" reference for each item is per each and refers to the inner carton, or the convenient order quantity, as applicable. The actual selling unit of measure is stated in our price list. We hope this index helps you reference the depth and breadth of the Alegacy product line. Thank you, again.
