- OPTIONS** In-counter version available

ALL NEW TITAN X MOTOR

Introducing the new Titan X motor from Blendtec - built to be quieter, run cooler, and with a longer life than any motor before it. Internal motor brushes have been replaced with electronics to increase the lifetime of the motor, give more output and torque to make drinks quicker, and use less power. The Titan X is also equipped with dynamic braking, allowing the operator to remove the jar without waiting for the blade to stop spinning. Take advantage of less downtime by cutting out the need to replace machines and make more drinks without overheating - the blender even cools itself without running!

STEALTH TECHNOLOGY HELPS CREATE A CONVERSATION-FRIENDLY ATMOSPHERE

The Stealth X includes a sleek sound enclosure and proprietary airflow innovations that enable operation at the sound level of a normal conversation.

CUSTOMIZABLE CYCLES PROVIDE CONSISTENT RESULTS

In addition to 42 preprogrammed cycles, users can create custom blends with the online Blend Wizard™, then store up to 14 on the blender for one-touch operation.
