COMMERCIAL EQUIPMENT CATALOG

Breville | **Sage** | Commercial

Professional Tools for Chefs and Mixologists

“The Control °Freak® is the new Gold Standard for induction cooking.

“The innovators at Breville Commercial have raised the bar for induction cooking with the Control °Freak™. We have been using it daily in the Commis Kitchen at The French Laundry and it has performed flawlessly; better than any induction cooking system we have used to date.” *Thomas Keller.*

Package Contents:

Commercial Certification

NSF Commercial Certification

Water Ingress Protection

UL/IEC Commercial Certification

24 MONTH Limited Warranty

The Control °Freak® induction cooking system is the first of its kind to accurately measure, set and hold 406 cooking temperatures from 77-482°F (25- 250°C).

The unique real-time sensing system uses a through-glass sensor to directly measure surface temperature. Probe Control™ remote thermometer to precisely control the temperature of both water and fat-based liquids.

The Intensity function gives incredible control over the heat up speed to the set temperature. Create function stores frequently used custom temperature profiles for simple one-touch recall.

PERFORMANCE

Performance Range	77-482°F / 25-250°C
Dual NTC Probe Resolution	32-572°F / 0-300°C
Temperature Stability	±1.8°F / ±1°C
Power Range	USC: 100-1800W ANZ & EUK: 100-2400W
Warranty	12 month Limited

OPERATION

Control Functionality	406 (in °F) / 226 (in °C) Possible Holding Temperatures
Timer	72 hr with "Repeat, Continue, Keep Warm and Stop Cooking" functions

WEIGHTS & DIMENSIONS

Unit Dimensions (H x W x D)	4.3 x 13.7 x 18.5 in / 110 x 350 x 470 mm
Surface Dimensions (L x W)	14.5 x 9.38 in / 36.8 x 23.8 cm
Shipping Dimensions	19.2 x 11.3 x 24.3 in / 487 x 288 x 618 mm
Shipping Weight	24.7 lb / 11.2 kg

Package Contents	<ul style="list-style-type: none"> • Temperature probe with pot clip • Accessory case • USB flash drive • Protective carry case
------------------	---

Precision Induction Hob	<ul style="list-style-type: none"> • Heat intensity control • Dual fan cooling system • Durable stainless steel housing • High-heat resistant ceramic glass • Tritan™ Polymer LCD display • Color TFT screen • USB port allows for software updates • Easy clean housing • Control knobs are removable and dishwasher safe

The HydroPro™ Plus

Commercial Sous Vide Immersion Circulator with HACCP support

Features:

- Integrated Digital Probe
- Color TFT Touch Display
- On-board Cooking Guide Sous Vide Toolbox™
- Manual Time & Temperature Controls
- Variable Flow Speed
- 360° Adjustable Flow Direction
- Coil-less Heating Chamber
- Low Water Detection
- Magnetic Impeller Coupling
- Adjustable & Detachable Clamp

The HydroPro™ Plus includes a digital needle probe that displays the core temperature of the food in real-time, enabling delta cooking. Data is stored on-board and can be transferred to the HACCP Manager App via Bluetooth for easy logging of all your sous vide cooks.

The HydroPro™ Plus initiates a new generation of professional sous vide immersion circulators. Featuring Sous Vide Toolbox™, an intuitive on-board guided cooking experience that simplifies sous vide cooking by using scientific algorithms to calculate time to temperature and pasteurization for a vast range of foods.

Programming and repeatability of your cooks is made simple thanks to 'My Presets' and usability has been enhanced via a large touch screen that allows easy manual input of cooking parameters. The powerful heater and newly designed pumping system ensure precise temperature control across a wide range of cooking volumes.

Designed with food safety and simple maintenance in mind, the design features a smooth waterproof construction, quick-release clamp, and a magnetic impeller for easy cleaning and descaling. Removable parts are commercial dishwasher safe.

PERFORMANCE

Power	1450 Watts
Flow Rate	17 L/Min
Maximum Water Bath Size	45L with lid

the Juice Fountain® XL Pro

Commercial Centrifugal Juicer

What's in the Box

- Food pusher
- Interlocking safety arm
- Juicer cover*
- Stainless steel filter basket*
- Pulp container*
- Filter bowl surround*
- Variable speed control and off dial
- Overload protection indicator light
- 70 fl oz (2L) juice jug and sealing lid with built-in froth separator*
- Juicing Nozzle*

*dishwasher safe

The Juice Fountain® XL Pro brings the bar industry's favorite centrifugal juicer from Breville to the commercial space.

A speed selection dial allows you to maximize your juice yield whether you're working with citrus, soft fruits, or hard vegetables. The extra wide 3.5 inch feed chute allows you to juice whole fruits and vegetables without pre-cutting, shortening prep time.

An included 70 ounce juice jug and 115 ounce pulp bin means you can juice more and clean less. The juice nozzle eliminates mess when juicing directly into serving cups.

Innovative Cold Spin Technology™ allows juice to flow up and through the stainless steel cutting disc surrounded by an Italian-made mesh filter to ensure an insignificant temperature increase for optimal flavor, color, and nutrition.

PERFORMANCE

Power	1200 Watts
Voltage / Hertz	120V / 60Hz

CAPACITY

the Super Q™ Pro

Commercial Super Blender

What's in the Box

BLENDER

- Inner measuring cup
- High performance lid
- 2x68 fl oz (2L) BPA Free jug
- Extra-wide, heavy duty blade and bowl system
- Heavy duty metal coupling
- Heavy duty 1800W motor
- LCD indicator with timer
- Durable base
- 5 preset programs
- Overload protection
- Manual speed control

ACCESSORIES

- Scraper
- Tamper
- 68 fl oz (2L) BPA Free jug

The Super Q™ Pro is the next generation of commercial super blenders. Preset functions feature optimized times and speeds to produce the smoothest, silkiest blends with one touch operation. These functions include Pulse, Ice Crush, Stir, Boost, and A Bit More™. The preset Auto Clean feature removes stubborn purees from underneath the blades where it can otherwise be hard to reach by hand.

The powerful 1800 watt motor delivers blade tip speeds of 186mph under load, while utilizing innovative noise suppression technology to deliver exceptional results, while being easy on the ears without the need for a sound shield.

A precision speed control dial allows the user to set the perfect blending speed in conjunction with a built in timer that will auto-stop the blend. The 68 fluid ounce Tritan jug features smooth contours making it easy to extract the maximum possible yield of your blend with the included Scraper Tamper. Two jugs are included for optimal workflow efficiency.

PERFORMANCE

Horsepower	3.5 peak motor hp / 2.4 hp under load
Wattage	1800W
Voltage / Amps / Hertz	120V / 15 amp / 60Hz

The MX2 Infuser

Commercial Chamber Vacuum Sealer

Features:

- Pop-Out Replacement Seal Bar
- Soft-Close Lid
- Extreme Chamber Depth
- Auto Alert Oil Cleaning
- WiFi & Bluetooth Connectivity
- USB Port for Direct Thermal Label Printer
- TruVac™ Dual Sensors for Precise mbar
- H2O Smart™
- Angled Tray for Holding Liquid

cETLus Sanitation and Electric

12 MONTH Limited Warranty

The MX2 Infuser offers industry-leading vacuum technologies in a compact package.

The unit arrives preset for flavor infusion & extraction, marination, sous vide packaging, and food preservation. Users are able to store up to 24 customizable vacuum programs. These presets are executed via full color TFT display. The unit is equipped with H2O Smart™ humidity sensors. These sensors enable flavor infusion into liquids and extraction of flavors from solids whilst eliminating boil-over. An angled liquid tray ensures that liquid-rich bags will not spill. Careful considerations have been made with ease of cleaning and maintenance in mind. These features include a pop-out seal bar system, auto oil-cleaning alerts, and an easily removed soft-close lid.

This unit exhibits excellent performance under heavy use and is ready for the professional kitchen and bar!

The Smoking Gun® Pro

Commercial Hand-held Smoke Infuser

Features:

- Easy to change mesh filter.
- Large capacity removable burn chamber to fit more wood chips, herbs, tea leaves & spices.
- Easy to remove stainless steel barrel. Dishwasher safe.
- Removable metal fan.
- Removable O-ring for cleaning.
- Variable speed & On/Off dial.
- Nozzle to direct smoke.
- Large stable base.

4x AA INCLUDED

Hickory & Applewood CHIPS INCLUDED

“The Smoking Gun packs the power of a smokehouse and fits in your hand. I use it to smoke everything from ice cream to Bloody Mary’s”

Steven Raichlen, host of Project Smoke on PBS.

CE 12 MONTH Limited Warranty

The Smoking Gun® Pro produces cold smoke, which allows it to be used for any kind of food or liquid.

As a flexible hand-held device, it is easy to use for infusion or finishing with a variety of smoky flavors and aromas. Your selection of combustibles including various wood chips, teas, herbs, spices, hay, and even dried flowers is limited only by your imagination.

The all-new Smoking Gun® Pro features a large robust housing designed specifically to withstand commercial use.

Tool-less disassembly allows for quick and easy cleaning.

Resources

The Breville HACCP Manager™ App

Need to keep HACCP data logs? No sweat. The digital needle probe of the HydroPro™ Plus allows for temperature data logging of the sous vide cooking and cooling process for HACCP compliance. These data logs are automatically transferred to the HACCP Manager™ App via Bluetooth. The app makes it easy and economical to store & manage all sous vide HACCP reports across multiple HydroPro Plus models, even those at multiple locations.

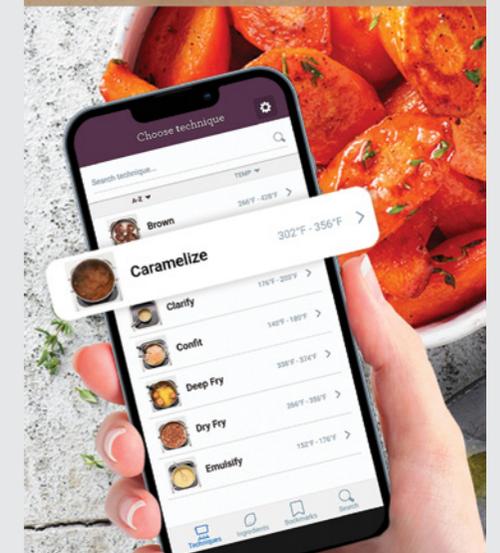

Available on iOS and Android
