SESCO Sales Focus

At SESCO, you can count on a well trained, highly motivated, sales team. You can expect the execution of professional and consistent sales strategies that will set SESCO apart from other manufacturer representatives in the industry. With support from our Client Care Team, our Regional Inventory Center, our marketing resources, and our SESCO test kitchens, you will find our sales force well prepared to present our products to customers and to provide them with the unparalleled service they deserve!

SESCO Sales Strategies:

Key Dealer Approach

- Apply the 80/20 rule
- Key Account Development (KAD)
- Consultative sales with dealer principals
- Use resources to make key dealers more successful
- Develop relationships with dealers

Consultant Calls

- Build brand confidence and loyalty
- Cultivate long cycle sales
- Emphasize the Consultant Care™ Program

Chain Account

- Use a "Team Approach"
- Set-up product demonstration sessions
- Cultivate long cycle sales

End User Calls

- Structure end user appointments weekly
- Active participation in conferences, programs, and special events
- Utilize SESCO test kitchens with extensive product/equipment demonstrations

Warehouse & Culinary Center

Our SESCO headquarters and inventory center supports our 7 state marketing area with same day shipping.

Our Culinary Centers provide a professional atmosphere to demonstrate our manufacturer's products and show solutions to our dealer and end user's needs.

Our Parts and Service Department provides everything you need for the product lines we currently represent. Our parts staff has an average of over ten years industry experience and each one is committed to providing excellent customer service. We regularly conduct service and training seminars to help insure our service customers are knowledgeable about our equipment and are armed with up-to-date references.

Parts Department Support Includes:

- Coordinating service calls and dispatching
- Service technician support
- Assistance with part identification
- A large inventory of stock components
- Expedited order placement
- Same day shipping (on most items)
- Chain install/startup coordination and support
- End user support
- Service training classes
- Processing of warranty returns/submittals
