bulb replacement.

three years warranty
parts & labor
factory installed

PROTECTION FROM **TOP TO BOTTOM.**

Safelce generates a reactive gas mixture which binds to and eliminates microbes on contact.

THE HIGHLIGHTS

Safelce forms a constant protective layer of sterile air over your ice bin which destroys contaminants within seconds.

Safelce destroys:

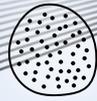

Coronavirus

Flu

Odors

Mold

SAFE. PURE. **ICE.**

Helps prevent the formation of slime, mold and yeast.

Combats bacteria in hard-to-reach areas.

Maintains safe and sterile ice from the bin up.

Removes odor associated with poor sanitation.
