How InSTOK works

InSTOK is designed to fulfil your most urgent furniture requirements with simplicity. All products in this brochure are part of the InSTOK program and ship within 5 business days. To ship within 5 business days, all products on the order must consist exclusively of the InSTOK products otherwise the lead time will be extended. All products in the InSTOK program have a unique product # which must be reflected on the PO at the time of ordering.

Can I still purchase made-to-order products?

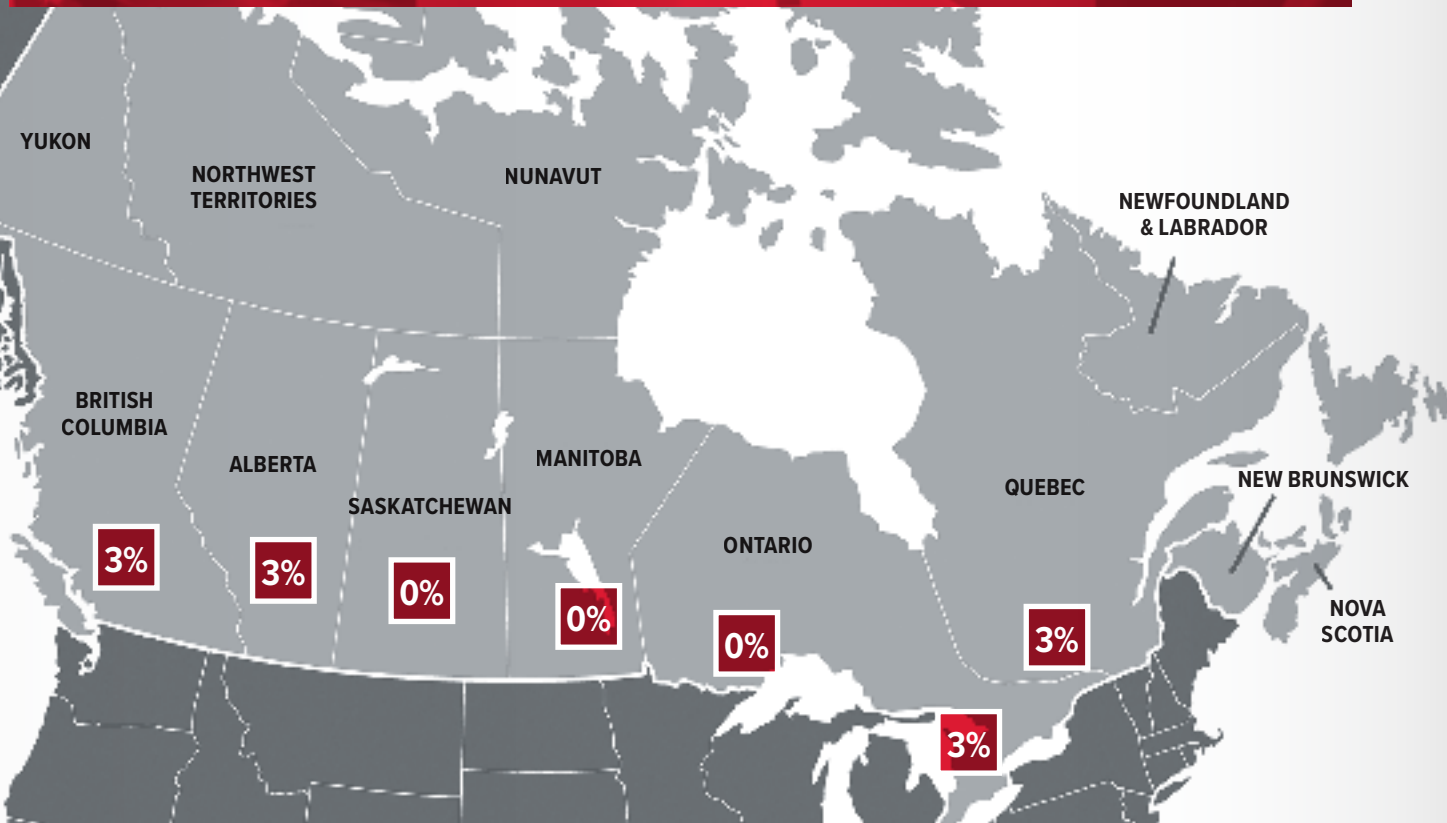

Yes, MityBilt offers a large range of additional products and colours which are made-to-order. If orders contain a mixture of InSTOK and made-to-order products, the order will ship in full once the item with the longest lead time is ready. Please contact your local dealer for current lead times on made-to-order products.

FREE SHIPPING OVER \$5,000!*

- **Select cities in Saskatchewan, Manitoba and Ontario:** Orders over \$5,000 qualify for free shipping
- **Select cities in British Columbia, Alberta and Quebec:** Orders over \$5,000 qualify for 3% shipping charge
- Orders less than \$5,000 require a shipping quote. Please contact your local dealer for this information
- If delivery direct to the school is required, please contact your local dealer for a direct delivery shipping quote.
