How InSTOK works

InSTOK is designed to fulfil your most urgent furniture requirements with simplicity. All products in the InSTOK program ship within 5 business days. To ship within 5 business days, all products on the order must consist exclusively of the InSTOK products otherwise the lead time will be extended. All products in the InSTOK program have a unique product number which must be reflected on the PO at the time of ordering.

Can I still purchase made-to-order products?

Yes, MityBilt offers a large range of additional products and colours which are made-to-order. If orders contain a mixture of InSTOK and made to order products, the order will ship in full once the item with the longest lead time is ready. Please contact your local dealer for current lead times on made to order products.

CAN'T FIND THE COLOR OR SIZE OF THE PRODUCT YOU NEED? LOOK NO FURTHER!

The full product range can be found online at www.mitybilt.com or ask your dealer for the many MityBilt Catalogues
