**MITYBILT**

[www.mitybilt.com](http://www.mitybilt.com) | 866.282.7243

MityBilt  
**Designed and Made in Canada**

Keeping it local  
**Supporting Canadian jobs**

MityBilt is proudly Canadian owned and operated and is based in Stonewall Manitoba. With the wealth and quality of resources available in Canada, it has enabled us to manufacture products that are made up entirely of Canadian raw materials.

As a responsible manufacturer, we take great care in designing and developing products that will work well for you and not only look great, but work and function with you in mind. Our extensive in-house capability allows us to quickly adapt to the ever changing demands of the market, while reducing your lead times and maintaining full quality control.

## Why buy Canadian?

### Economy

When we buy Canadian, we immediately impact our economy in many positive ways. Every dollar spent has a ripple affect far further than the business we purchased from. You are securing jobs, helping create new ones and allowing businesses to support local charities.

### Health & Safety

When we buy Canadian, we know that the products have met this country's health and safety standards. Manufacturing in Canada is highly regulated. Those safety measures sometimes mean an increase in the retail prices but it's a small price for peace of mind!

### Environment

When we buy Canadian, we reduce our carbon footprint as these products are made closer to home and require much less transportation. Check out our on-line calculation to discover how much you reduce your carbon foot print when buying Canadian made furniture! [www.mitybilt.com/environment](http://www.mitybilt.com/environment)

### Labor Standards

When we buy Canadian, we can rest assured that the people who make the products are treated fairly, working in safe and sanitary conditions.

### Community

When we buy Canadian, we are contributing to the enrichment of our communities. It systematically makes us a part of something greater than ourselves and our immediate needs.

### Patriotism

The love of our country shouldn't stop at flying our flag or wearing red and white! We have every reason to be proud of Canada, including the vast range of products made here. We see 'Made in Canada' as a badge of honor; one we're proud of contributing to.

## Culture

The corporate culture at MityBilt can be described as transparent, innovative and caring. Transparency is highly important for the co-founders, not only towards our customers but for our team members as well. MityBilt has always fostered an open door atmosphere for managers to be accessible to all team members and to help create an open flow of communication. MityBilt strives to hire team members who not only align with our values and goals, but add value and diversity to our organization.

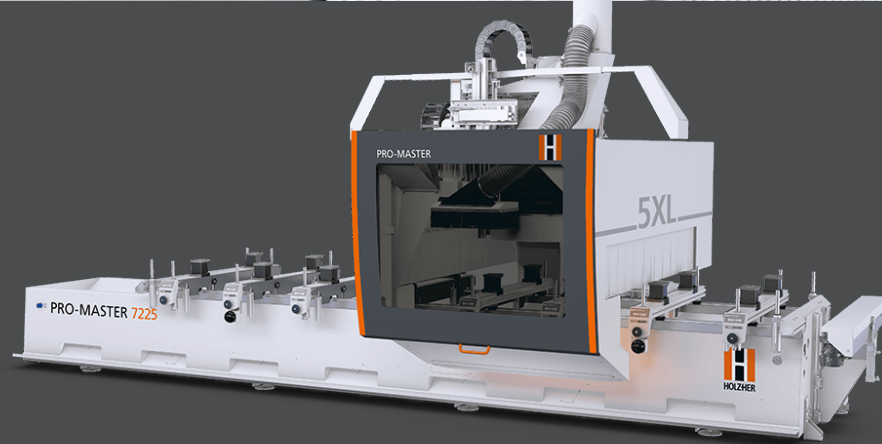

Visit [www.mitybilt.com/team](http://www.mitybilt.com/team) to connect with some of the members you are likely to hear from.

## Technology

MityBilt manufactures based on lean principles and uses only the most advanced automated technology to design and produce each collection of products.

This benchmark results in consistent high quality products, allowing for years of dependable use in some of the most demanding environments.

## Eco-Care Outlook

Using material from Eco-sustainable sources, including a guaranteed recycled content, green guard laminates, low formaldehyde emission core materials, water based adhesives and paint finishes containing no Volatile Organic Compounds (VOCs), all reduce the Carbon Footprint of our products. Unavoidable manufacturing waste is recycled wherever possible.

Effective care for the environment involves working with others; it needs everyone to aim for the same goal. We want to work with you and your clients to provide responsible solutions for their furniture needs, and to minimize the impact on the environment.

At MityBilt we think twice about what we do and how we do it. While our aim is to become your preferred table provider, we don't want to sacrifice the environment to achieve this. We take the responsible view that it's on all of us to play our part in conserving the Earth's resources and to prevent damage to the environment around us.

The MityBilt environmental policy proves itself in three key areas:

- Sourcing environmental preferable materials
- Eco-friendly manufacturing practices
- Recycling of waste material

Using material from Eco-sustainable sources, including a guaranteed recycled content, green-guard laminates, low formaldehyde emission core materials, water based adhesives and paint finishes containing no Volatile Organic Compounds (VOCs), all reduce the Carbon Footprint of our products. Unavoidable manufacturing waste is recycled wherever possible.

All MityBilt tables and desks conform with the most stringent indoor air quality standards by exceeding the obligations of Green Guard Gold Environmental Requirements.

Visit [www.mitybilt.com/environment](http://www.mitybilt.com/environment)

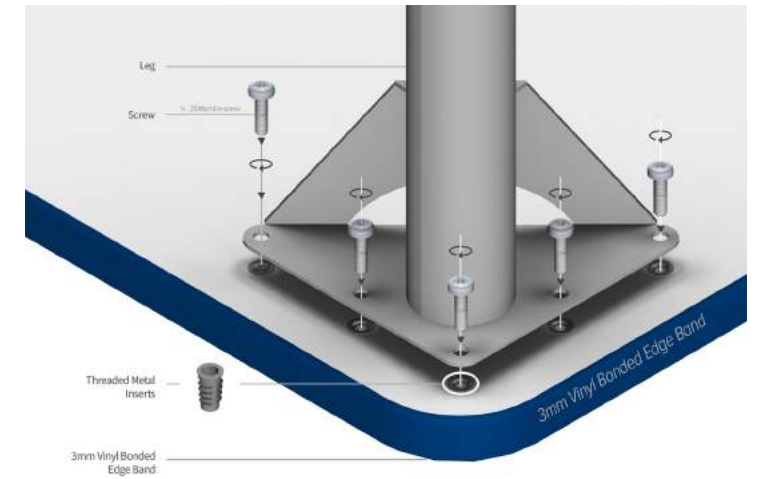

## MityBilt Standards

### Superior Table Edge Treatment

MityBilt includes a premium 3mm vinyl bonded edge-band on all tables and desks. This edge is bonded under high pressure, heat and glue and is a superior seal against the table core minimizing germs and increasing longevity. The 3mm vinyl bonded edge-band adds significant strength to the top and far exceeds the common T-mold edge that is easily removed by zealous students! The 3mm vinyl bonded edge also has a greater radius than T-mold edging making it more comfortable to work at and safer in high traffic areas.

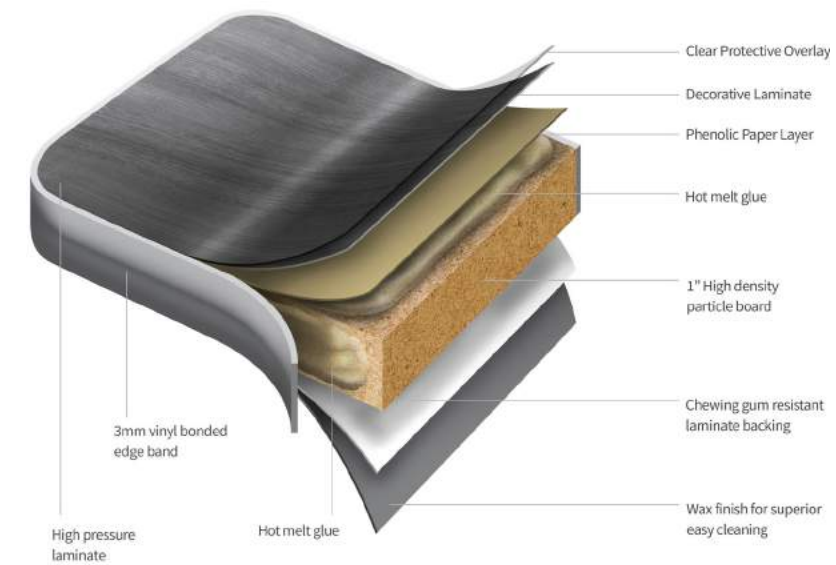

3mm vinyl bonded edge-band is specified in healthcare environments for its security and cleanliness. Typically this edge type is an upgrade; however, at MityBilt we've made it our standard.

- Secure
- Hygienic
- Applied under high pressure and hot glue
- Sealed edge conforming to Green Guard Gold
- Comfortable 3mm radius conforming to CGSB standards

### Metal-To-Metal Fixtures

Located in a drilled hole, the external threaded protrusions of the D-nut lock into the wood, preventing it from either turning or pulling out. The threaded metal insert adds great strength and security and is a permanent fixture in the table top. It allows the table leg to be attached with machine screws which can be inserted and removed multiple times without losing the integrity of the fixing or weakening the wooden table top. This table leg fixing method allows for quicker table assembly.

### Chewing Gum Resistant Backing

After consulting with educators and maintenance staff, we kept hearing the same complaints about furniture. The number 1 complaint was the awful chore of attempting to remove chewing gum from underneath tables and desks. MityBilt listened and responded by introducing a Chewing Gum Resistant backer.

As of 2017, a chewing gum resistant material was added to the underside of all tables and desks. This specially formulated backer doesn't allow the gum to adhere to the surface making cleaning tables a breeze and increasing school hygiene!

## Limited Lifetime Warranty

MityBilt is known throughout North America for best in class educational furniture and has built a reputation of engineered products exceeding consumer expectations for quality and durability.

For additional peace of mind, MityBilt offers a Limited Lifetime Warranty which spans all tables, desks, study carrels, benches, stools and storage units for the lifetime of the product. In the unlikely case your furniture malfunctions from defects in workmanship or materials, we will repair or replace it free of charge.

Please visit [www.mitybilt.com/warranty](http://www.mitybilt.com/warranty) for detailed information.

## Product Testing

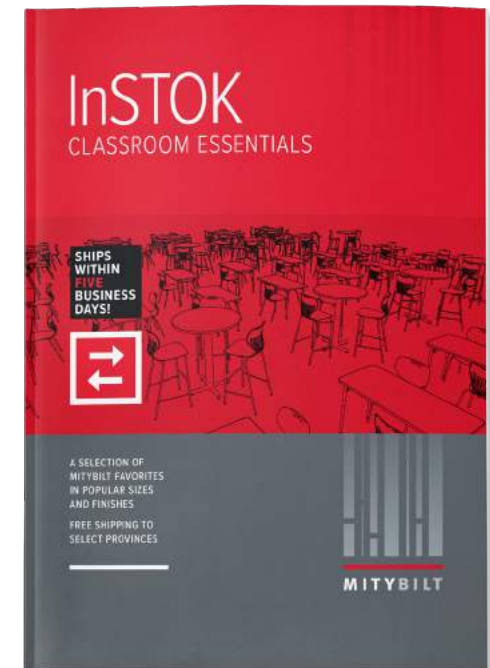

MityBilt has confidence that every product it manufactures will perform beyond the demands of real world situations. An in-house test facility subjects our tables, chairs and components to extreme forces for hours on end to make certain our products will exceed your expectations. Many tests are carried out on our products during both development and production. Any proposed changes to the product or to the production method is reviewed by MityBilt to decide whether additional risk assessment testing is required.

MityBilt uses a third-party accredited test laboratory to perform certain complex testing and to keep up to date with current test requirements and legislation. MityBilt structural table testing exceeds the demands of ANSI-BIFMA and CGSB.

A selection of MityBilt favourites in popular sizes and finishes.

**SHIPS WITHIN 5 BUSINESS DAYS!**

Request for your InSTOK brochure today!

## mitybilt.com platform

Built from the ground up, around our valued dealers.

The mitybilt.com platform allows you to build your furniture just the way you want it. We know there are a lot of colour options to choose from and a lot of decisions to make, so we've made it as easy as possible for you. MityBilt is known for its range of available colours, finishes and sizes so here's how we can help you start planning your next furniture upgrade!

**Contact your local dealer today to be set up with an online account.**

An online account gives you access to:

- Furniture Builder
- Up to date literature
- Request product and freight prices
- New product releases and updates

Using the online MityBilt Furniture Builder is a great way to visualize how your tables, desks and chairs will appear prior to ordering and delivery!

## How InSTOK works

InSTOK is designed to fulfil your most urgent furniture requirements with simplicity. All products in the InSTOK program ship within 5 business days. To ship within 5 business days, all products on the order must consist exclusively of the InSTOK products otherwise the lead time will be extended. All products in the InSTOK program have a unique product # which must be reflected on the PO at the time of ordering.

## Can I still purchase made-to-order products?

Yes, MityBilt offers a large range of additional products and colours which are made-to-order. If orders contain a mixture of InSTOK and made to order products, the order will ship in full once the item with the longest lead time is ready. Please contact your local dealer for current lead times on made to order products.

## FREE SHIPPING OVER \$5,000!\*

- **Select cities in Saskatchewan, Manitoba and Ontario:** Orders over \$5,000 qualify for free shipping
- **Select cities in British Columbia, Alberta and Quebec:** Orders over \$5,000 qualify for 3% shipping charge
- Orders less than \$5,000 require a shipping quote. Please contact your local dealer for this information
- If delivery direct to the school is required, please contact your local dealer for a direct delivery shipping quote.

For more information on InSTOK products, visit: [www.mitybilt.com/instok](http://www.mitybilt.com/instok)

Watch out for the InSTOK logo through the brochure to identify which of these products qualify for the InSTOK programme.

## MITYBILT PRODUCTS & **FIRST NATION SCHOOLS**

MityBilt Products designed a range of educational furniture that incorporated benefits that has made it the choice of First Nation schools across Canada. Our First Nation customer values are still embodied in the contemporary and durable furniture for today's 21st Century Classroom furniture.

For more information on First Nation inspired products, visit: <http://www.mitybilt.com/first-nations>

Request for your First Nations brochure today!

## **THE MEDICINE WHEEL**

MityBilt Products included both colour and shape into their furniture knowing the importance these features to our First Nation customers. MityBilt provides a wide choice of colours and shapes for both soft and hard furnishings.

The Medicine Wheel has been used by generations of various Native American tribes for health and healing. It embodies the Four Directions, as well as Father Sky, Mother Earth, and Spirit Tree, all of which symbolize dimensions of health and the cycles of life.

Different tribes interpret the Medicine Wheel differently. Each of the 4 Directions (North, East, South & West) is typically represented by a distinctive color, such as white, red, yellow, and black, which for some stands for the human races.

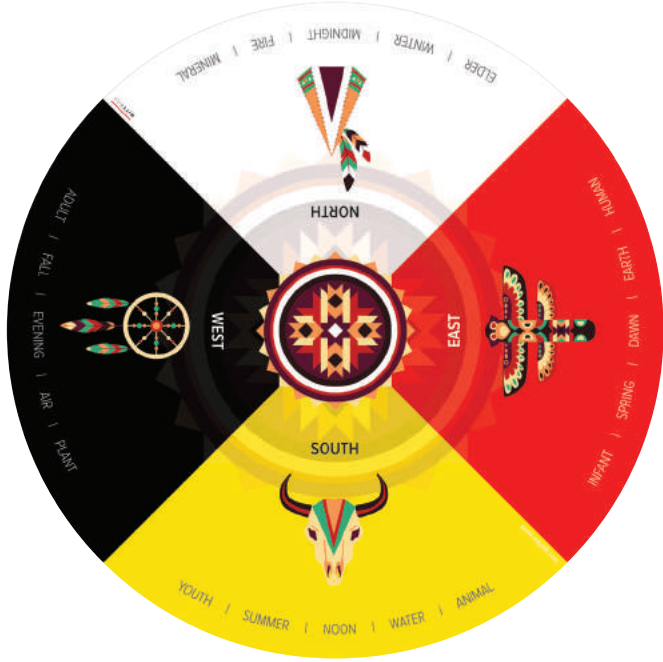

**NEW**

### THE MEDICINE WHEEL TABLE

This Medicine wheel is inspired by many from the past and represents the circle of life. Each section represents a direction, a medicine, a teaching, an animal, a season, a part of the day, a stage of life, our place on Earth, an earth element and a Grandfather (rock).

## CLASSROOM LEARNING ZONES

Creating specific learning zones within classrooms and schools is now seen as essential for the 21st Century learning environment. Each teaching area must include the learning zones best suited to the curriculum requirements.

1. Presentation zone
2. Break-out area
3. Quiet Study zone
4. Media Centre
5. Focused Learning area
6. Collaboration zone

# Conekt

The concept of collaborative learning, the grouping and pairing of students for the purpose of achieving an academic goal, has been widely researched and advocated. The term “collaborative learning” refers to an instruction method in which students at various performance levels work together in small groups toward a common goal. The students are responsible for one another’s learning as well as their own. Thus, the success of one student helps other students to be successful. The active exchange of ideas within small groups not only increases interest among the participants but also promotes critical thinking.

- Juice Time Out & Juice Bar with Side Laytus

# Markerboard

Available in any shape with any colour legs and edge. The Markerboard Idea Table is great for sharing your ideas and thoughts on. Effectively promote creativity and mental engagement. Awesome for a quick game of X's and O's!

# Guided Reading

Guided reading is a strategy that helps students become better readers. Although guided reading has been traditionally associated with primary grades it can be modified and used successfully in all grade levels. When the proper books are selected, students are able to read with approximately 90% accuracy. This enables the students to enjoy the story to its fullest capacity learning how to make meaning from print.

## GUIDED READING C-SHAPE

Ideal for close interaction between the teacher and students

### Part Number

Espire 2"	Aktivty 1.25"	Size (in.)
E3660C.AH	AT3660C	36 x 60
E4872C.AH	AT4872C	48 x 72
E4896C.AH	AT4896C	48 x 96

## GUIDED READING HORSESHOE

Provides table space for teaching material and still keeps close contact with the pupils

### Part Number

Espire 2"	Aktivty 1.25"	Size (in.)
E4860HORS.AH	AT4860HORS	48 x 60
E6066HORS.AH	AT6066HORS	60 x 66

CONEKT ENCORE WITH ESPIRE LEGS & WHITE MARKERBOARD FINISH

## GUIDED READING KIDNEY

The traditional 'group learning table' with plenty of work surface area

### Part Number

Espire 2"	Aktivty 1.25"	Size (in.)
E3660KID.AH	AT3660KID	36 x 60
E4872KID.AH	AT4872KID	48 x 72
E4896KID.AH	AT4896KID	48 x 96

# Conekt Linx

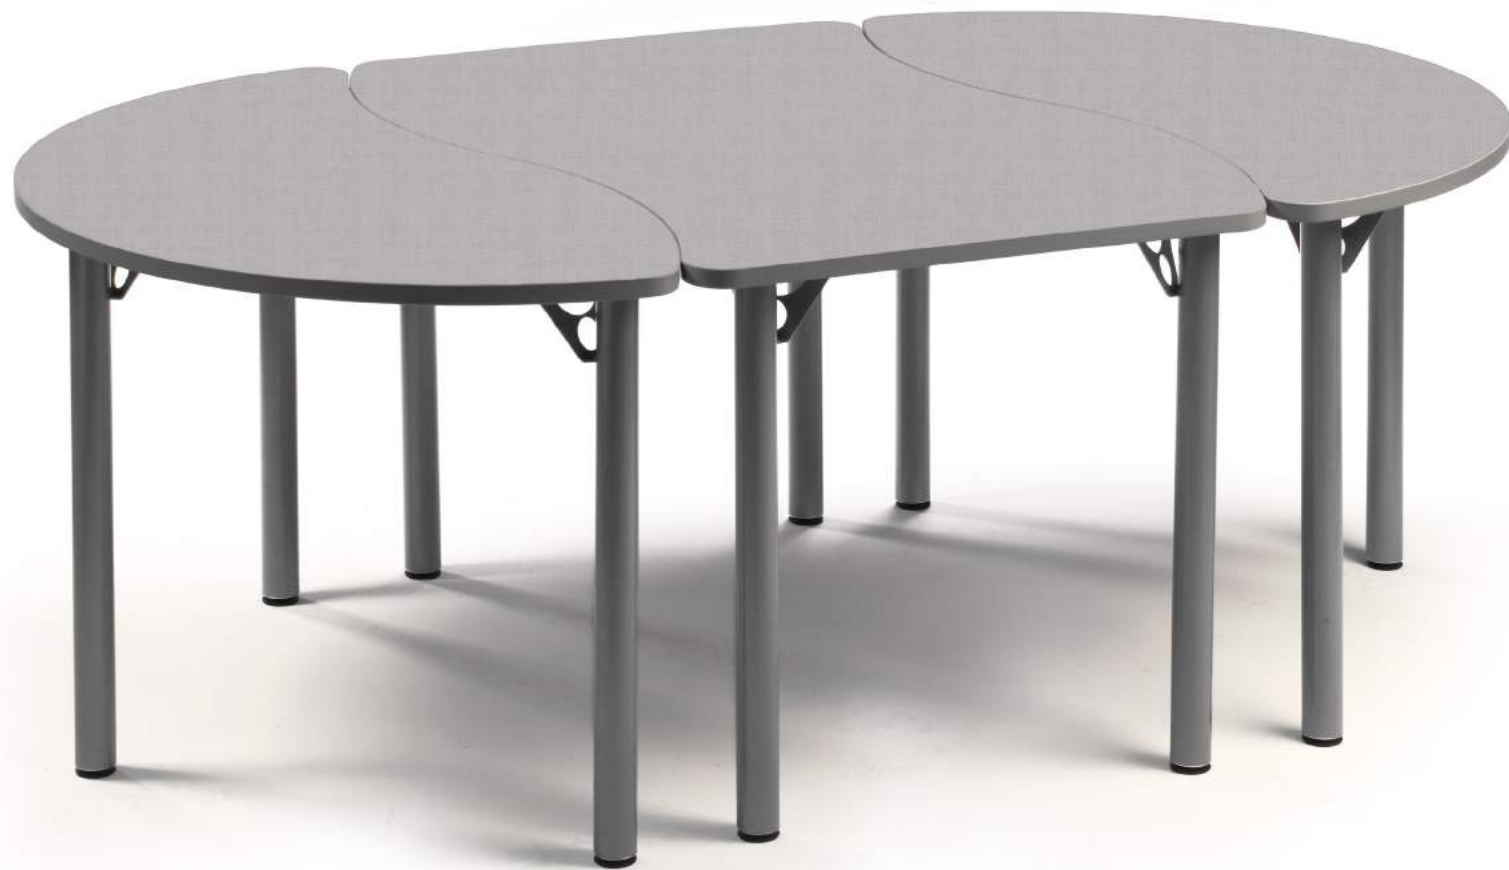

Discover Creativity, Discover Conekt Linx. Conekt Linx is a range of 5 different shapes that all work together or on their own. This is more than just pushing two SURFs together or three QUAVERs. Grab a handful of everything... one NEXUS, four EKO's, one QUAVER, five RAINs and three SURFs; put them together and feel the power of flexible collaboration!

## Top

- 1" thick 45lb high density particle board
- High pressure scratch resistant laminate
- Chewing gum resistant table backing
- 3mm vinyl bonded edge-band
- Rounded corners for safety

## Legs

- ESPIRE: 2" Diameter Legs
- Fixed height legs 29.5"
- Adjustable height legs
  - 17-25"     • 24-36"
  - 22-30"     • 30-42"
- Steel support bracket
- Metal-to-Metal fixtures
- Fully welded construction
- Durable powder coat finish
- Optional locking swivel castors
- Refer to colors and finishes page

**EKO-SURF-EKO**

Shown in Pressed Linen laminate with 3mm charcoal edgeband and 2" charcoal fixed height espire legs

Available in  
Markerboard Finish

## CONEKT LINX SURF

**Part Number**     **Size (in.)**  
ESURF.AH             30 X 48

## CONEKT LINX EKO

**Part Number**     **Size (in.)**  
EEKO.AH             24 X 48

## CONEKT LINX NEXUS

**Part Number**     **Size (in.)**  
ENEXUS.AH             48 DIA

## CONEKT LINX QUAVER

**Part Number**     **Size (in.)**

ERAIN.AH             50 X 58

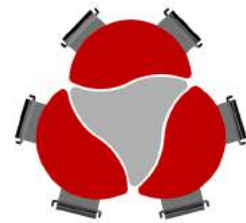

# CONEXT LINX CONFIGURATIONS

## EKO CONFIGURATIONS

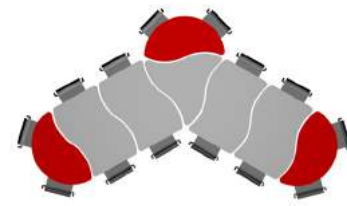

Round off the group with an EKO. This shape goes anywhere. Or put them together to form a small discussion area.

EKO

EKO-NEXUS

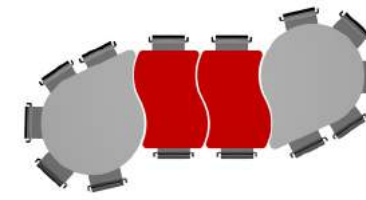

EKO - SURF - NEXUS

## SURF CONFIGURATIONS

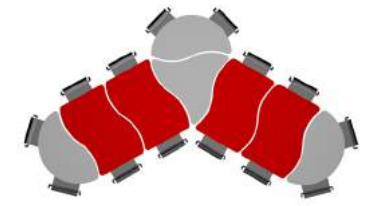

Throw in the Surf for that additional space. Works great by itself or amongst the rest of the range.

SURF

RAIN - SURF

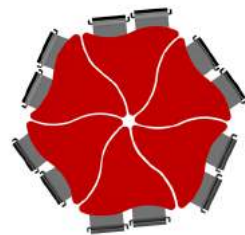

EKO - SURF - NEXUS

## NEXUS CONFIGURATIONS

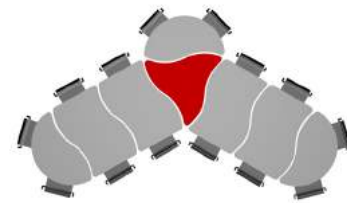

When one isn't enough, add another to form a group. Make space for you, your work and your boldest ideas.

NEXUS

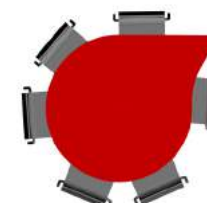

NEXUS CIRCLE

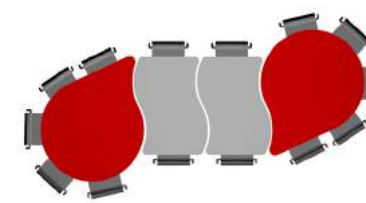

EKO - SURF - NEXUS

## RAIN CONFIGURATIONS

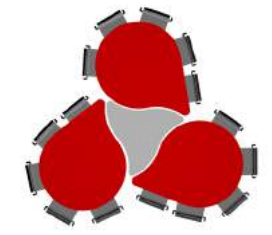

On its own, as a smaller group, or keep adding more to accommodate as many as required. We'll leave it to you.

RAIN

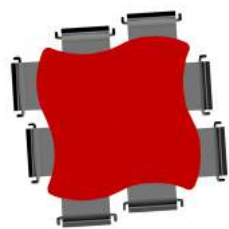

RAIN - SURF

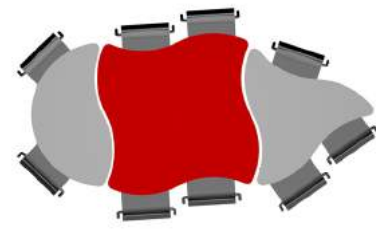

RAIN - NEXUS

## QUAVER CONFIGURATIONS

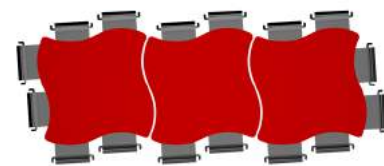

Add the Quaver and give a modern touch to your room. Seats 4-8 in a single configuration.

QUAVER

EKO - QUAVER - NEXUS

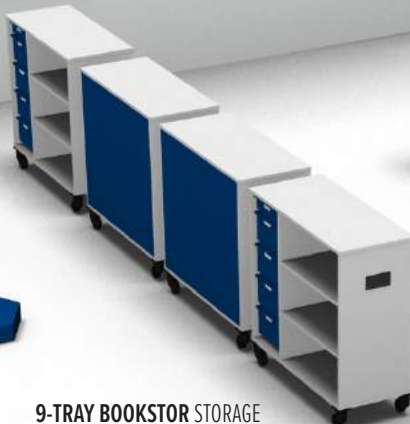

QUAVER TRAIN

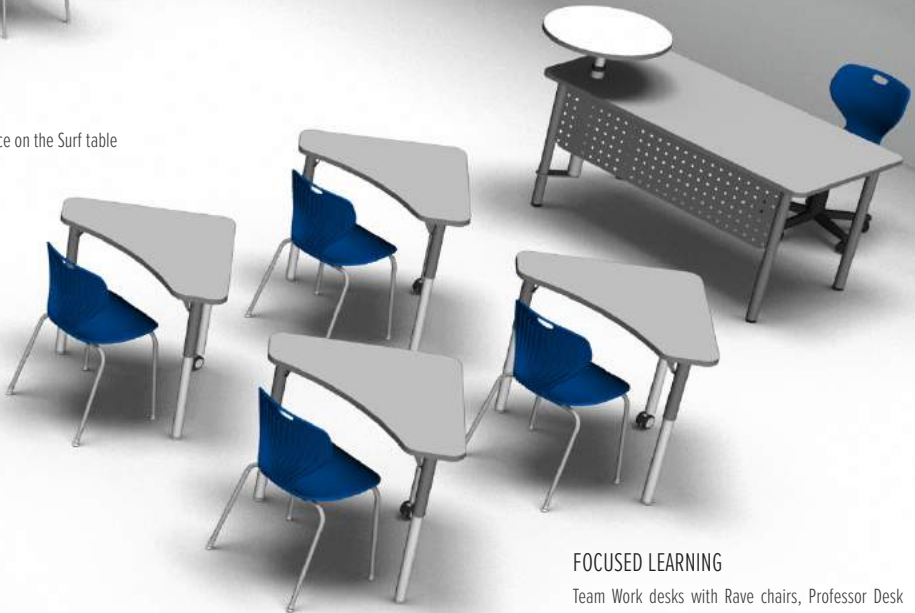

**HORSESHOE GUIDED READING**  
with Hive floor cushions & Juice cup

**9-TRAY BOOKSTOR STORAGE**  
with acoustic felt back panel

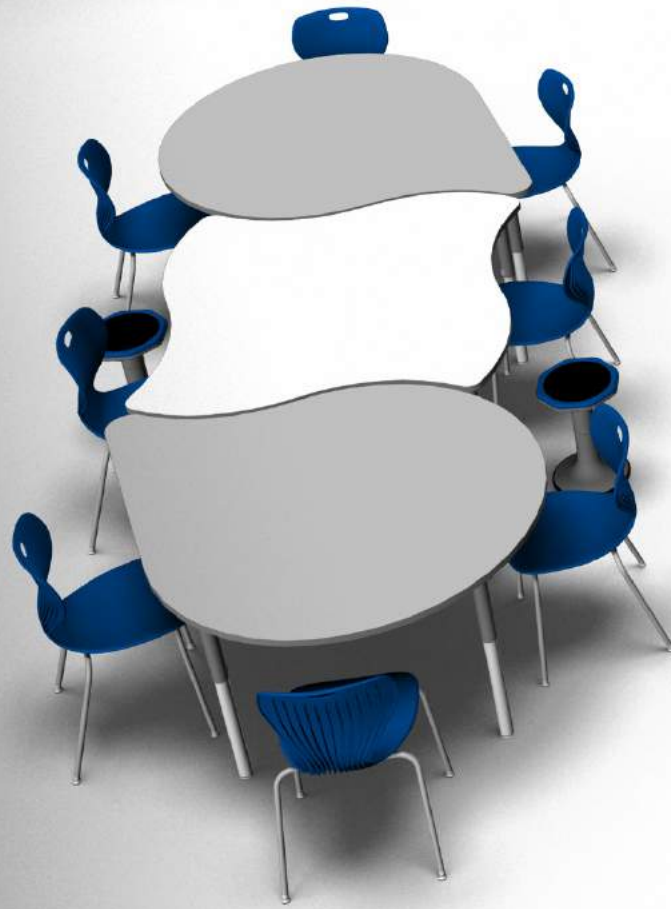

**EKO-SURF-NEXUS COMBINATION**  
with Rave stools and a markerboard surface on the Surf table

**FOCUSED LEARNING**  
Team Work desks with Rave chairs, Professor Desk  
with markerboard podium and a Rave task chair

**WORK-SURF-WORK COMBINATION**  
with Rave chairs and Jive stools

**RAIN-QUAVER-RAIN COMBINATION**  
with Rave chairs, Jive stools and a markerboard surface on the Quaver table

## COLLABORATIVE CLASSROOM

Did you know? In the late 90's the MityBilt "Guided Reading Table" was a best seller as MityBilt was the first North American manufacturer to introduce it in a range of different sizes and exciting colors. These tables are now know as the C-Shape, Kidney and Horseshoe shape. Then in the early 2000's MityBilt introduced a range of collaborative shape tables known as the "Conekt Linx" range. These 5 distinct shapes can be configured with themselves or with each other to create endless opportunities. These table shapes are now a common product among North American manufacturers however it was MityBilt that originally designed and introduced these iconic shapes into the market encouraging student collaboration and idea sharing.

# Zenith

Designed to excel where other desks fail. Its ultimate simplicity and durability makes it a winner in every situation. The Zenith desk is suitable for every student's need, with storage, work surface and adjustable height options all integrated around the proven frame of Zenith.

## Top

- 1" thick 45lb high density particle board
- High pressure scratch resistant laminate
- Chewing gum resistant table backing
- 3mm vinyl bonded edge-band
- Rounded corners for safety

## Legs

- 16 gauge 1.25" diameter steel tube
- Dual cross braces
- Fully welded construction
- Adjustable 17-25" or 22-30"
- Swivel floor glide
- Durable powder coat finish

## Options

- Standing height 34-42"
- Adjustable Height 17-25" or 22-30"
- Custom fixed height
- Locking swivel castors
- Refer to colors and finishes page

### ZENITH BOOK BOX

### LEARNING COMMONS

A Learning Commons is an inclusive, flexible, learner-centered space for collaboration, inquiry, imagination and study. Learning Commons promote global and cultural understanding as students collaborate with their local and broader community to investigate and create solutions to today's complex problems. Learning Commons emphasize active and collaborative engagement and encourage the co-creation of knowledge by all learners.

# Vitesse

In its simplest form, Vitesse exists as a freestanding table, logical in concept and design. Vitesse is an intelligent response to the demands of most popular methods of work and conference, introducing order and simplicity to complex work environments.

## Top

# Ultra

The Ultra is a new approach offered by MityBilt to meet the demands of today's competitive workplace. Effective as a single desk with a range of options to make it a game changer. The desk boasts a full complement of vertical and horizontal wire management.

## Frame

- Deep Drawn base with floor leveler
- Aesthetic cover to leg component
- Modular construction
- Durable powder coat finish
- Integral wire management
- Adjustable floor glides
- Silver Powder coat finish
- Fixed height 29.5"

## Top

- 1" thick 45lb high density particle board
- High pressure scratch resistant laminate
- Chewing gum resistant table backing
- 3mm vinyl bonded edge-band
- Rounded corners for safety

## Options

Part Number	Size (in.)
R36	24 x 36
R48	24 x 48

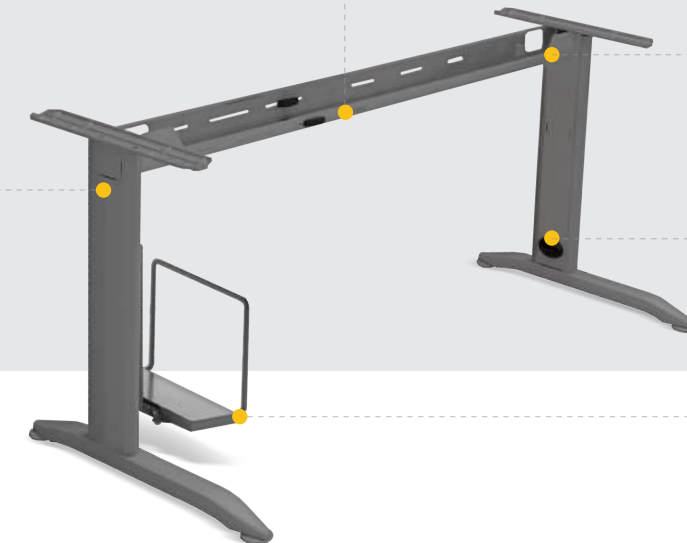

Shown with optional return. Table top shown in maple laminate and 3mm edge. Frame shown in Silver Powdercoat finish.

# Ultra Plus

Ultra Plus allows for the creation of a continual work surface and integral wire management, which is popular in both the office and IT environments. Each table frame gangs to a common supporting leg, creating extra work area without cluttering floor space and jeopardizing leg room with unnecessary supports.

## Integral Wire Management System

Knock out plates allow for continual flow of wires between tables when in a ganged configuration

Structural wire management channel keeps wires and power bars organized and out of site

Cut away front wire management channel allows for quick easy access of wires with table top on

Leg mounted grommets allow for hiding of wires inside the desk leg keeping your office smart and tidy

Optional CPU holder fixes next to grommet for ultimate wire management

42" high mobile lectern with ergonomic angled top.

Part Number	Size (in.)
LT1818	18 x 18

## PROFESSOR DESK

The professor desk is designed to satisfy the requirements of today's hard-working teachers. The integrated adjustable height surface is ideal for use as a 'Lap-top' table, a 'gathering point' for one-on-one discussions or as a presentation podium. The podium is standard with a marker board laminate that encourages brain storming and sharing of ideas.

Part Number	Size (in.)	Podium (in.)
PROF3060.L	30 x 60	24 dia.
PROF3072.L	30 x 72	24 dia.
-----		
PROF3060.R	30 x 60	24 dia.
PROF3072.R	30 x 72	24 dia.

Optional right or left hand podium position.

## CONCOURSE DESK

The teacher desk is often perceived as a barrier between the teacher and the students. After listening to teacher requests for a more 'user friendly' and 'student engaging' solution, the Concourse Desk emerged. The design overcomes the barrier by providing a marker board surface gathering point for students encouraging 'round table' discussions.

<b>Part Number:</b>	CC2448.36R
<b>Size (in.):</b>	24 x 48
<b>Podium (in.):</b>	36 dia.

BBF.SLV	15.5 x 20 x 24.5

# Rave

The position of ultimate comfort while sitting is uniquely different for each and every student. With a pleasing design, flexible backrest and lumbar curvature, the ergonomic design of the Rave chair has addressed this challenge through providing four different seating positions; Forward-facing, Rear-facing or by sitting over the left or right side of the chair. This freedom of posture allows your students to remain in a healthy and comfortable seated position throughout the day.

## Shell

- Single piece shell
- Concealed hardware
- Reinforced plastic with flexible backrest
- Designed for movement while providing lumbar support

## Frame

- Fully welded construction
- Durable stainless steel finish
- Non slip, non removable floor glides

# Kudos

Feel the Difference. The number one reason for the development of the KUDOS was to provide an affordable classroom chair that meets criteria for 'Ergonomic Seating'. The Kudos is now setting new standards by introducing proven ergonomic principles into classroom chairs for today's educational environment.

## Shell

- One piece molded seat shell for additional strength
- Concealed seat fixings to eliminate weak points and seat cracking
- Lumbar support for healthy posture
- Low set carrying handle for easy carrying
- Waterfall front edge to relieve pressure on lower back, increasing comfort

## Frame

- Fully welded construction
- Durable powder coat finish
- Non slip, non removable floor glides

# Saddle

The SADDLE can be used by young or old, by large or small as one size fits all. Unlike alternative designs, the Saddle is injection-moulded as a single component for simplicity, durability and low cost.

### The benefits of saddle stools have been recognized over many years and include:

- Comfort both when in use and after long periods of use. Saddle promotes a balanced and upright posture
- Reduction in back pain
- Saddle is mounted to a gas lift making it compatible with a wide range of work surface heights
- Stores usefully under a desk or table

# Molecule

The Molecule is the tool that will cross boundaries of “immobile” classrooms, enabling educators to provide a modern and effective arena for learning. Molecule is designed to be mobile and adaptable in limited spaces and dense classrooms. A room can be transformed from theatre setting to a U-shaped setting effortlessly by moving the chairs around. This allows for maximum utilisation of space as well as increasing interaction between student and teacher.

### MOLECULE CHAIR

## HUSH

The Hush series provides a quiet retreat even in the midst of a noisy environment. The high quality acoustic panels absorb noise creating a quieter work place. The structure is lightweight, durable and available in various colors.

# Hush Pod

The Hush-Pod is an economical, lightweight study carrel suited to either single user or collaborative settings. This Hush-Pod is the modern interpretation on the traditional Study Carrel, adding the benefits required for the 21st Century Learning environment.

Part Number	Pod Height (in.)	Work Surface Height (in.)	Work Surface Size (in.)
HSPD	54"	30"	24 X 48"

NEW

## HUSH POD

The curved feature side panels have good acoustic properties providing a secluded workspace. Create a custom configuration by standing Hush-Pods back to back to form a 'pod' of 2, 3 or 4, or side by side to form a linear configuration.

The Hush-Pod provides a generous 24" x 48" shaped work-surface, large enough to accommodate a flat screen monitor or laptop. Optional wiring grommets are available if required. The curved feature side panels are manufactured from a recycled polyester product providing good acoustical properties while also safe from bacteria and molds.

The Hush Pod can be linked together to form a large acoustic divider in any room. Shown with **Rave Chairs**.

**NEW**

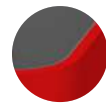

### HUSH QUAD BOX

The Hush Quad Box is a collaborative seating area that provides adequate noise cancellation. The Quad Box makes for a quiet study or collaborative space.

The Hush Quad Box seats 4 and is available in dual tone contrasting color options. The structure, with a fiberglass core is lightweight, durable and strong.

## 21ST CENTURY LIBRARY COMMONS

A Learning Commons is a whole-school approach to building a participatory learning community. The Library Learning Commons is the physical and virtual collaborative learning hub of the school. It is designed to engineer and drive future-oriented learning and teaching throughout the entire school. Inquiry and project/problem-based learning experiences are designed as catalysts for intellectual engagement with information, ideas, thinking and dialogue. Reading thrives, learning literacies and technology competencies evolve and critical thinking, creativity, innovation and playing to learn are nourished. Everyone is a learner; everyone is a teacher working collaboratively toward excellence.

# BookSTOR

The BookSTOR is for creative and innovative minds – a space structuring storage system that creates variable areas for contemporary work. BookSTOR transforms traditional shelving systems and can be used as a room divider to create spaces and storage areas while serving as a visual and acoustic screen. BookSTOR is available in straight and curved elements with shelves, cubbies and totes. BookSTOR works hand in hand with Juice Soft Seating creating the perfect quiet work environment for students that want to get ahead.

- 1" thick 45lb high density particle board construction base with 3/4" shelves and gables
- 3mm vinyl bonded edgeband
- Fully welded steel sub-frame with oversize locking swivel castors
- Adjustable shelves with safety clip support

# Environ

MityBilt developed the Aktivty Environ table for a more 'natural look'. This table is offered with high pressure wood grain laminate and matching 3mm edge-band. What sets this series aside from the rest, is its leg design. Take a moment to check it out. This includes a 2" diameter adjustable height leg with a solid wood insert. Available in maple, Oak and Cherry, it also has the appeal of a solid wood table...but without the price tag.

## BILINGUAL CANADA MAP TABLE

This high quality custom designed educational table will certainly be the envy of every teacher across the country! The unique and colourful Canada Map table takes advantage of the fact that geography is spatial, and provides a fun place for students to learn about the important areas of their country. Children learn best through engaging as a group and learning by doing. As students explore the Canada Map table, they build a permanent mental picture of their country and where important points are in relation to each other, and how they are connected. This high quality graphic printing is encapsulated in a high pressure laminate surface and is extremely resistant to everyday use.

### Features

- Provincial Boundaries
- National Boundaries
- Provincial Animals
- Bilingual National Anthem
- Main Highways
- National Symbols
- Mountains
- Rivers
- Lakes
- Oceans
- Provincial Flags

ENT48R.CAN	48 dia.	24 - 30

Standard with Silver edgeband and Silver no-tool adjustable Espire legs.

## USA MAP TABLE

The USA Map table is designed and produced exclusively by MityBilt, be assured, you will find it nowhere else! This table helps students learn their states, their capitals, major physical features, and important routes that establish connections between parts of the country. Students will obtain a memorization of state names and capitals in a way that will make U.S. geography more meaningful for them. They will have an increased understanding of where states are in relation to each other, and the physical characteristics of each region. Students will have a permanent mental picture of their country in their heads, so that anything they learn about their country can immediately be related to a place. The MityBilt USA Map table does just that!

### Features

## ROAD MAP TABLE

Children love to explore the streets of their town, especially on this road table set. Providing unlimited educational and play adventures, it helps them to develop motor skills while driving their own cars to school and stores, to the airport, the beach, the farm and all around town. Fly out of the airport on vacation or take a field trip to the farm.
