

INDIGENOUS-INSPIRED FURNITURE

MITYBILT

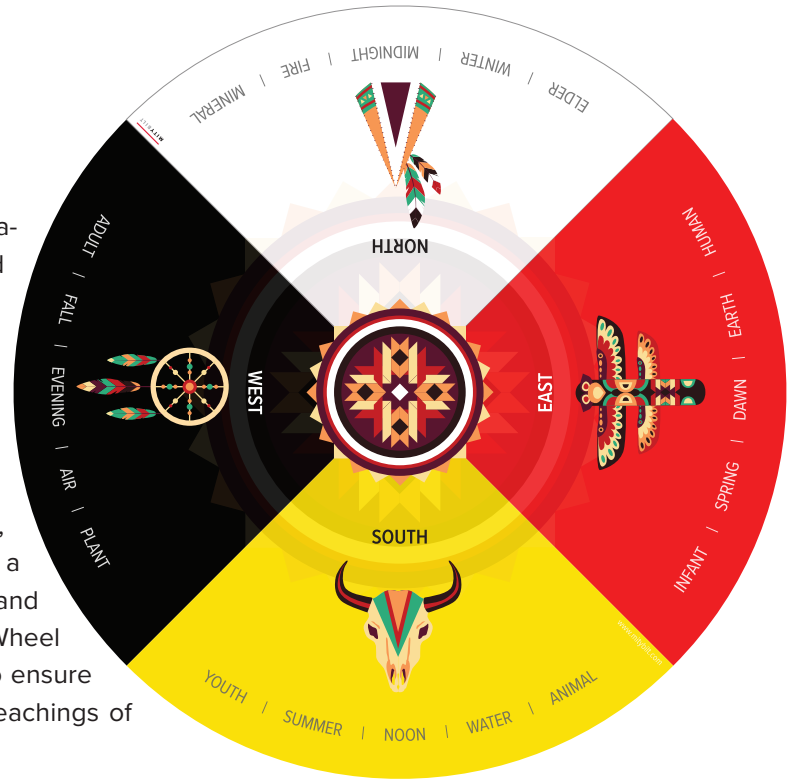

FIRST NATIONS INSPIRED FURNITURE

MityBilt was started over 30 years ago by a visionary who realized that educational furniture was not meeting the requirements of First Nations communities. MityBilt designed a range of educational furniture that incorporated benefits that has made it the choice of First Nations schools across Canada. Our First Nations customer values are still embodied in the contemporary and durable furniture for today's 21st Century Classroom. MityBilt included both colour and shape into our furniture knowing the importance of these features to our First Nations customers. MityBilt provides a wide choice of colours and shapes for both soft and hard furnishings.

MEDICINE WHEEL

Medicine Wheel assists to create guided conversation about the First Nations core values. Inspired by those from the past, it depicts the circle of life. Each quadrant reminds us to remain balanced in all four aspects of our being – spiritual, emotional, physical and mental. Other teachings of the Medicine Wheel focus on developmental stages relating to the four elements – Earth, Water, Air and Fire. Each of the 4 Directions (North, East, South and West) is typically represented by a distinctive color, such as white, red, yellow, and black. Different nations interpret the Medicine Wheel differently. Please contact your representative to ensure colours and their order align with the specific teachings of your community.

MEDICINE WHEEL TABLE

The Medicine Wheel Table, crafted exclusively by MityBilt, seamlessly unites all four sections of the revered Medicine Wheel into a single, solid table top. This unique table not only embodies the

spiritual significance of the Medicine Wheel but also serves as a functional and captivating addition to any space inviting conversation, connection, and a sense of harmony.

MEDICINE WHEEL COLLABORATIVE TABLES

The concept of collaborative learning, the grouping and pairing of students for the purpose of achieving an academic goal, has been widely researched and advocated. Just as the Medicine Wheel symbolizes

interconnectedness and balance, collaborative learning invites students to contribute their unique insights, fostering a vibrant intellectual ecosystem.

ACOUSTIC SACRED SEVEN

Many Indigenous organizations and communities have adopted the 7 guiding principles, in one form or another, as a moral stepping stone and cultural foundation. Despite where the teachings may have originated, they share the same concepts of abiding by a moral respect for all living things.

ACOUSTIC TREES

Experience the harmony of nature and improved acoustics with our Acoustic Trees. They're not just functional – they're also design pieces that make a statement. Our Acoustic Trees are made from 100% P.E.T. fiber, with 60% of it derived from recycled plastic water bottles, aiding in the reduction of ocean waste.

Our Acoustic Trees are lightweight and durable. They come in a range of colors to match any décor. They not only make your classrooms quieter, but also bring the calm of nature indoors, creating a more comfortable learning environment.
