

FCIA Commercial Contractors Forum

Your Industry - Your Challenges - Your Voice

Building on the success of the **South Australian Commercial Contractors Forum**, FCIA is bringing Commercial Contractor Forums to each state.

These forums are designed specifically for flooring commercial contractors providing an opportunity to come together, speak openly about the challenges facing the sector and, most importantly, discuss practical ways we can address them.

We will also be showcasing the Commercial Contractors Reference Guide and Checklist that has been worked on by the SA group.

LET'S TALK ABOUT WHAT MATTERS

The conversation will be driven by the contractors in the room and may include:

- **Managing builder pressures**
How can we better manage expectations, site pressures and project challenges?
- **Navigating complex contracts**
What can we do to better protect commercial flooring businesses?
- **Industry standards & professionalism**
How do we continue to lift standards across the commercial sector?
- **Apprenticeships, training & retention**
How do we attract, train and keep the next generation?
- **Finding skilled installers**
Where will our future workforce come from?
- **What do you need from FCIA?**
Tell us where FCIA can provide greater support, advocacy and practical resources.

WHY ATTEND?

Because the challenges facing commercial flooring contractors are better addressed together.

This is your opportunity to:

- Have a voice on the issues affecting your business
- Share practical ideas and solutions
- Help shape FCIA's future commercial contractor initiatives
- Build stronger connections with contractors in your state

Register via link to your state:
