South Australian Commercial Contractors Forum

Your Industry - Your Challenges - Your Voice

Following the success of our previous forums, we invite South Australian commercial flooring contractors (and those retailers who do commercial work) to join us for our next practical industry session.

WHAT'S ON THE AGENDA?

- **Commercial Contractor Reference Guide**
Review the draft FCIA Commercial Contractor Reference Guide and one-page checklist and have your say before they are finalised.
- **ResiLoop**
Hear from ResiLoop about its work with the flooring industry and what it means for commercial contractors.
- **Support Services for Commercial Contracts**
Information on this to be given out at the meeting

WHY ATTEND?

Practical information. Open conversation.

Bring your questions, share your experiences and help shape the tools and support FCIA develops for the commercial flooring sector.

Your feedback matters, come and be part of the conversation.
